

## 200AMP CROMTECH PETROL WELDER GENERATOR

### SPECIFICATIONS

MODEL NUMBER	CTGW200
Max. Watts (w)	5600w
Cont. Output (w)	4480w
Starting System	Recoil Start
Phase	Single
15amp outlet s/phase	2x 15Amp
Alternator	Mecc Alte
Voltage (V)	240v - 50hz
Welding Amps (A)	60 to 200 Amp
Engine Power/Model	14.0hp EX40
Engine Brand	Robin
Fuel Tank (L)	7.0L
Running Time (Rated Output)	1.9hr
Noise Level (dB @ 7m)	72db
Weight (kg)	82.5kg
Dimensions (LxWxH)	710 x 500 x 540mm
Package (LxWxH)	710 x 500 x 540mm
Manufacturers Warranty	1 Year
Barcode	9336493006948

### PRODUCT DESCRIPTION

This 200 Amp welder generator suits welders and can also be used for power generation. This unit is ideally suited to rental and agricultural industries for small on-site repairs.

### OPTIONS

- Welding leads
- Electric start with AGM battery
- Trade pack
- Mine specification
- Long range fuel tank
- Anderson plugs
- Recoil start lock

### IDEAL FOR

- Farm maintenance
- General purpose use
- Welding on-site
- Backup power

### INDUSTRY

- Construction
- Building
- Trade
- Welding

### FEATURES

Welder Mecc Alte brushless alternator
